H877-01

Mano is Hawaiian for shark, and like the powerful creature in the open ocean, this style aspires confidence in vast and variable conditions. With SuperThin Glass lenses, Mano offers sharp optics, improved with saturated colors, glare elimination and UV protection through patented PolarizedPlus2® lens technology. Beyond a superior visual experience, Mano adds subtle shimmer to a recognizable edge with a dramatic reduction to the stainless steel temples, highlighting a flat construction with a metallic stripe. Featuring ceramic nose pads encased in silicone, Mano combines a sense of luxury and comfort in a distinctive, square aviator.

POLARIZEDPLUS2® LENSES ELIMINATE 99.9% OF GLARE, BLOCK 100% OF HARMFUL UV, AND ABSORB HARMFUL HEV, WHILE ENHANCING COLORS.
